

Thanks From Heber

Editor, Tribune: As chairman of the Citizens Committee for the Preservation and Restoration of the Wasatch Stake Tabernacle in Heber City, I would like to express my appreciation to all who have given time and effort toward preserving this great edifice and planning for its future utilization.

I thank also the officials of Heber City for their cooperation. To those who have offered assistance, and written letters of encouragement, to the press, to those who have given contributions, I say, "Thank you."

The committee is enthusiastic about the cultural entertainment and development that has been planned, and the benefits that it can bring to our beautiful valley. The first scheduled event will be Wednesday, June 23 when Stan Russon of the YMMIA General Board will bring some of his June Conference Road Shows. We also thank President J. Harold Call of the Wasatch Stake for making the Tabernacle available.

Funds are still necessary for the preservation and restoration of this beautiful building. It is with gratitude that we accept the offer of Tom Carlin, director of the Playmakers of Salt Lake City, for a benefit performance at the Silver Wheel Theater in Park City, Friday, July 2.

May we suggest that you drive up to Heber City, and see this beautiful hand hewn red sandstone Stake Tabernacle, that has stood so proudly on Main Street for nearly 100 years?
